Team Corvette Meetings Still on Hold

With the governor extending the lock down until June 12th, we unfortunately are still unable to hold meetings. We have tried to have a meeting in Mario's parking lot and at a park, but have been told by the police that we cannot have more than 10 people. If the governor changes her rules, we'll get something organized.

In the meantime the board still meets virtually every month to try to come up with solutions.

We hope you're all finding places to drive your corvette close to home and keeping the battery charged so that we'll be ready when the call comes.

Stay Home – Stay Safe - - Aren't you sick of hearing that !!!!!!
