Hibernation Cruise 2022

The 2022 Hibernation Cruise was not uneventful. A collision at the meeting location exit ramp blocked several members from being in the group photo.

President Tim Stone drove the route several days in a row as more road repair forced the route to be changed.

A threat of bad weather with possible hail was in the area. The weather gods were with us as we headed east and the weather front headed north.

We were able to complete the cruise and end up at the Rochester Mills Brewery for dinner without getting wet. The 28 member and 4 dinner guests made a large group.

Several members reported being in a downpour as they headed home.

Thanks Kerry and Jerry Gardner and Tim Stone for putting this event together.

NCM Ambassador: 2023 Corvette Z06 70th Anniversary Edition To Serve As Indy 500 Pace Car

A [2023 Corvette Z06 70th Anniversary Edition](#) driven by ex-racer Sarah Fisher will lead the 33-car Indy 500 field to green on Sunday, May 29th. The specially-prepared Corvette Z06 pace car features an asymmetric stripe package that was developed by the Chevrolet Performance Design Studio in Michigan. The stripe package draws inspiration from the [70th Anniversary Edition](#) badging on the door of the Z06, which features a matte black font and red accenting. The pace car also features neatly integrated safety lights and strobes, which ensure drivers can easily spot the Vette when it's out on track leading the field to green or pacing the field during a caution period.

2023 Corvette Z06 To Get Custom Launch Control: The [2023 Corvette Z06](#) will come standard with a new Custom Launch Control system that allows the user to adjust the vehicle's launch RPM and wheel slip. [Corvette](#) chief engineer Josh Holder provided some details on the Custom Launch Control system for the 2023 Corvette Z06 during a recent presentation at the National Corvette Museum Bash in Bowling Green, Kentucky. Holder says the adjustable traction control system will allow the user to select the maximum engine speed that the vehicle will hold the throttle at during the launch phase, along with the maximum amount of wheel slip the system will allow.

President's Report

Greetings all!

It's looking a lot more like Summer! Hopefully everyone is getting their cars out and taking some nice drives.

We had a great May with our annual "Get Your Car out of Hibernation" event at Rochester Mills. Had a nice turnout, a good drive, and good food....and we managed to stay ahead of the rain, although I hear some of you hit some downpours on the way home. I'd like to thank Kerry Gardner once again for her efforts in putting the event together!

Coming up in June several of you will be heading to Wisconsin...here's hoping for a great trip! Also, our next Board meeting will be June 15 5:00pm at Sauce inside the Hilton, downtown Flint. Our next general meeting will once again be at Mario's 5:30pm June 21. Looking forward to seeing everyone then!

Tim

Car Show Report

Our 2022 Charity Car Show is 53 days away. Lets get July 23rd on our calendars. We have two more general meetings before the event.

Mike Lysher at M&T Engraving is doing the awards again for the same cost. Thanks Mike.

Jim Schoenfield has reached out to his contacts to help with the trophy cost. Your business card runs in the newsletter and our website for one year for a fifty dollar cost. Contact Jim if you are interested.

Mark Lozen and his business ventures are providing the DJ for the show, Thanks Mark and Renee.

We are in need of gift cards for our raffle. If you are willing to go to businesses and ask for a donation, please do so. If you're willing to canvass an area please let us know so that we're not all going to the same businesses. Consider all types of places....restaurants, car parts/care, Home Depot, movie theaters, Bordines has already donated a \$25. gift card, maybe another nursery would do the same.

Let us know as you collect donations so that we can keep track. Consider purchasing a \$25 gift card to donate if unable to canvass. Please bring your gift cards to the next meeting so we can determine how it is going.

We have car show flyer to pass out if you are at a car show event.

Jerry, Car Show Chairman
