## Team Corvette Postpones June 13th Car Show

Team Corvette Board of Directors voted to postpone the car show at there meeting on April 9th. The restrictions the coronavirus has caused are open ended at this time. It is impossible to make any plans going forward. We have printed flyers and taken out an ad in a car show publication, our only expenses to date.

The car show is one of our major sources of funding for our charities. Any suggestions to help fund our charities are welcome, they will need help this year.

The May 21st general meeting has been cancelled, and all future general meetings and events are on hold at this time. The board of directors have been meeting using Skype and will continue to do so. Thanks Jim Schoenfield for getting the board hooked up on Skype. Jim is also looking for a program to replace Whoozin that closed April 10th. Whoozin worked great to contact our members and invite them to events. Whoozin had been operating at a loss and could not go on.

The monthly Newsletter will not be printed until further notice, only the online edition will continue.

Hope everyone is safe, put another coat of wax on your vette and we will be on the road soon!!
