## President's Report

Well it is the end of February and the weather is turning for the better. Not quite Corvette weather but it is improving. It will not be long before the roar of that American V8 will be singing in the wind. Already inventorying my cleaning supplies to make sure I will have everything needed to get America's sports car in top shape for the season.

Our first meeting of the year will be the third Tuesday of March which is March 21 at Mario's on Fenton Rd. The meeting will start at 7 p.m. so if you want to eat before the meeting you should get there no later than 6.

The club is still in need of a Social Director and Car Show Chairperson. If no one steps up to fill the positions the membership must decide the course to pursue. If you have any ideas or suggestions please attend the meeting or give the members at large your thoughts. I am looking forward to the start of the club's 2023 season and hope to see you at Mario's.

Last month I encouraged everyone that has their Corvette in storage to make an occasional visit and whisper words of encouragement in the outside rearview mirror. Well I should have also mentioned that it would be wise to do this when no one is around. Otherwise someone observing might ask you who you are talking to. I believe the original phrase had an additional adjective that starts with a h and ends with an l but I chose to omit that part. I have covered that base and please do not ask me how I know this!

Drive safe and keep the shiny side up.

Curly

Team Corvette members Marsha Kelley, Dee Schoenfield, Jan Matsko, Jack Matsko, Paul Kelley and Jim Schoenfield enjoying some Florida time.

Other Team members have reported in from Arizona and Texas this winter.
